

EVENT • Drivers' School

This year's Drivers School weekend, once again, will offer several options. If you are acting as someone's Mentor or just encouraging a friend to take the School, time is growing short --- do what you can to help them out.

In addition to our traditional **Drivers' School** (for fledging RMVR racers) there will be the **Precision Driving Course** (for street cars) for those who are interested in getting all the instruction, but who don't yet have a race car.

Also like last year, the weekend will be open to a limited number of existing RMVR racers —one group for production cars and one for formula cars. These "**Fun/Demonstration Race entrants**" will be get two half hour session per day — Saturday will be practice and qualifying and Sunday will be warm-up and Fun/Demonstration Race conducted as a demonstration for the Driving School students. A great T&T opportunity for you early birds.

For further details and/or for a Request For Entry form visit www.rmvr.com or call Chief Driving Instructor, Carl Wells, or his assistant, Bob Alder or Event Chair, Diane Alder.

YOU should attend- Fire / Rescue School

Fire Rescue School (or, as we call it, Crash & Burn School), isn't just for corner workers! Every driver will learn valuable skills and information that can help them when they least expect it.

For one thing, you'll get hands-on training using a fire extinguisher. Not only will this help in the unfortunate event of a pit fire but you'll better handle a small fire at home.

You'll learn how corner workers respond in the event of an accident. If it happens to be you in the car, you'll know what to expect and can remain calm and helpful. We cover basic driver assessment and

emergency extrication, skills you might use to help a friend if there's a wreck during a Test and Tune day. You'll also learn what *not* to do, what to leave up to the professionals. Even the corner workers know that certain things should be left to professionally trained ambulance and fire crews.

This year, Fire Rescue School will be held March 5th and 6th, from 8:30 a.m. to 4:00 p.m., at the North Washington Fire Department, 901 East 68th Avenue, in Denver. You can get a map on the RMVR website: www.rmvr.com

The Saturday class is held indoors, and the

Sunday class is mostly outside, though we will adjust the schedule if weather requires it. Wear comfortable, non-flammable clothing you can get dirty; don't wear any nylon or other stuff that might melt. Bring leather gloves too. We'll have coffee and donuts in the morning, and there are plenty of fast food places in the area for lunch.

We're limited to 50 people in the class, so if you're interested, please contact Pauline Wilson at (303) 745-7860 or pauline266@comcast.net as soon as possible to reserve a spot.
