President’s Opening Remarks – Brian Nelson
So far this season the events have gone very well and we are on track to turn around the profit while still maintaining our great atmosphere. The club is doing what we are supposed to do at this point and it seems to be working out well.

Treasurer Report – Kyle Popejoy
Pueblo was in the black $9,000 which is a great result for that event.
Motion to accept as presented: Wayne Siebrecht
2nd – Ken Tisdale
Approved – All present voting board members.

Chief of Specialties Report:
Mary Popejoy – Administrator –
Bob Alder has done quite a lot of work today at resolving duplicate accounts and have learned how to manage that.
So far we have 17 entrants for RAKC and 63 entries for Snowmass.

Brian Weaver – Marketing –
The push for Snowmass is mostly going to be targeted online ads. Targets will be nationwide with targets focused on people interested in vintage racing.

Frank Leslie – Timing & Scoring –
No issues to report from Pueblo, it was a great show! Irene was a big help and it was a pleasure working with her.

Arthur Santomingo – Start –
Pueblo went well, Indi cars were ok. The start stand at Pueblo needs to be improved as it has substantial deflection when standing on it.

Eric Ladner – Equipment –
Requesting replacing (44) old flags and obtaining new green flags for the Snowmass event. Total request is $750 budget.

Motion to approve this $750 expenditure – Frank Albert
2nd – Wayne Siebrecht
Approved – All Voting Board Members.

Lisa Williams – Volunteers –
RAKC is looking pretty good for Marshalls. The Byers Hotel is filling up quickly and if the hotel is full the comp’d room will be further away.

Snowmass –
There are some corner Marshalls signed up, however we need (44) crowd control volunteers and we currently only have (3).
Overall it seems Snowmass is pulling in new volunteers and also old volunteers are coming out of the woodwork.

Ken Tisdale commented that marketing may also be well spent promoting the volunteering aspects of the club to keep the volunteer quantities up.

Ken Tisdale – Pit & Grid –
John is coming along very quickly and believes he is feeling a lot more comfortable. RAKC will be under John’s control with backup and support as needed.

SNOWMASS
COLORADO
comes up with a lot of resolutions to these items. RMVR control will be in control of all of the workers on the track including the crowd control volunteers.

Ken – Is there anything in place with local radio or other media during the race? I would recommend being proactive with media outlets prior to the races.

Lisa – Will need a meeting room for the worker meeting containing approximately 150 people on Saturday evening.

Kyle Popejoy – Physician’s Assistant (PA) and Nurse Practitioner (NP) has been added to the medical form. Now MD, DO and PA-C or NP are accepted.

Ken Tisdale – Possibly see if there are email archives for old members to start to send out correspondence to see why they are no longer members or what they are up to.

Ken will write up a quick message and shoot it over to Bob for distribution.

New Business
Jamey Shuler – FSV-2 rule change request. – Thanks to the Board for hearing this request. We are proposing adopting the Monoposto 70 rules dated April 2017. Documents are attached. *(Due to the number of pages in the supporting document, it is available only as a separate download. Ed.)*

**Chief Steward’s Message**

Stewards are pleased to be on pace with our club goal of reducing incidents by 50% this year. Drivers are to be commended for improved situational awareness and less Over-Aggressive Driving. As the upcoming Race Against Kids’ Cancer has always been a high participation event with more incidents than other races, Stewards encourage drivers to continue to vigilant for the Vintage Racing Spirit in order to enjoy more track time and safety in the sport we love.
Classifieds

Car storage space - My long-time renter at my shop (At 240 Bryant, aka World Headquarters of Team Terrific Racing) has vacated his space. This means there's room to store a number of cars. Some spaces have already been spoken for but three's room for maybe a couple more cars. Centrally located near I-25 and 6th Ave. Pretty easy in-an-out access. The building is always heated and has security. The office area would be available for "hanging out." Probably room for a small work bench and some tools. Also a full size beer fridge and microwave is available. Unfortunately no space outside for trailers or tow vehicles. Monthly price depends on how the space would be used (just car storage, or some modest wrenching, or actual restoration, etc.). If you have an interest in one or two spaces, call me. **WANTED:** Do you have any old automotive related materials you would like to move out of your house, office or garage? Why not donate them to Auto-Archives, the Colorado 501c(3) non-profit Automotive Library and Research Center based in Littleton. We are looking for car magazines, race programs, books, photographs, trophies, and model cars in any condition to be catalogued for research and educational uses. Any donations are tax-deductible.

Thanks to the help of several RMVR members, we now have complete sets of most of the major magazines but are still looking for the following magazines to complete collections within the 55,000+ items currently in the archive: Hot Rod (1948-1960, 1970, 1974-83), Motor Age (pre 1992), Hop Up & Motor Life (pre 1953), National Speed Sport News (pre 1985).

Do you have any old Slot-car track and accessories lying around that you haven’t used for years? (Scalextric) We are trying to build up a big four-lane circuit that will be used for Auto-Archives and charity fund raiser ‘race day’ events that RMVR members will of course be invited to.

We are also continuing to build a fascinating archive of motor sport events Colorado. Do you or anyone you know have any Colorado related material? Events from places such as Continental Divide Raceway, Pikes Peak, Steamboat, Aspen, Salida, Copper Mountain, Lakeside, Second Creek, and La Junta.

Help us build an exceptional archive here in Colorado for all car enthusiasts to access. To find out more about Auto-Archives, or to donate any items please contact William Taylor on 303 933 2526, or by email at library@auto-archives.org

RMVR’s annual Race Against Kids’ Cancer (RAKC) August 4 - 5 at the High Plains Raceway in Byers, CO. is now less a month away. I am still in need of a few more fantastic volunteers to make this year’s RAKC a huge success! This is an event near and dear to many of our hearts, mine included. RMVR partners with and helps provided much need funding for childhood cancer research alongside the Morgan Adams Foundation (MAF). Returning this year is a friendly group specific competition. As volunteers for RMVR, let’s all do our part and show the world what a truly amazing group we are. Go to [https://raceagainstkidscancer.org/](https://raceagainstkidscancer.org/) and create your very own fundraising page under the “Create a Corner Worker Donation Page” tab. Today is a great day to be a RMVR Volunteer!
