

Performance (HPDE) Drivers' School INFORMATION & APPLICATION PACKET (2/2022)

This packet is to provide you with all the information and forms you need to apply for the RMVR Performance (HPDE) School and the necessary steps to get the maximum benefit from the School. It is intended for those who don't currently have a vintage eligible race car but wish to gain the skills, the confidence and the ability to better control your street car, or if you just want to release your inner Mario. It's a great way to explore if vintage racing has an appeal to you or want to get more out of yourself and your car on a lapping day. Performance (HPDE) graduates will receive an RMVR membership and a Performance (HPDE) License (not an RMVR Competition License). Performance (HPDE) entrants need not take the requisite race physical.

The Performance (HPDE) School weekend will be held at **Pikes Peak International Raceway April 23-24, 2022**. The School offers an excellent opportunity to learn the skills of high performance driving . With virtually one-on-one instruction from our capable instructors, you will be introduced and welcomed into the world of our chosen passion—Vintage Racing. It's the best high performance driving school value you'll find anywhere! **Deadline for entering the School is April 16th.**

- You will learn to exercise precise and expert car control.
- You will get specific instruction from a team of expert driving instructors.2
- You will enjoy driving in a safe environment.
- And, by the end of the weekend, you will achieve an increased level of comfort for high performance driving in your street car.

The school is on track for two days (Sat. & Sun.) However, there is also a classroom session Friday evening, April 22nd, which you need to attend. In any case, be at the track EARLY on Saturday with your race car ready to go. Lunch will be provided both days.

Early preparation is the key to enjoying a productive, educational and enjoyable Drivers' School. We strongly recommend the following:

- Come to the school with a reliable and well-prepared car. Low stress about mechanical issues will allow you to pay full attention of the driving instructors and maximize your track time.
- Be familiar with your car. Comfort with its basic operation will enhance your experience.
- Upon application, and prior to the School weekend, you will receive a printed copy of RMVR's racing textbook, *The Ace Factor*, and all other materials used in the School. You should read these materials prior to the School weekend. The [Drivers' School Student Manual](#) is downloadable from rmvr.com. (on the Forms page) Please review that document as well.

It is important to begin the process early! The following is a **check list of steps** you should complete well in advance of the School weekend:

- Read the enclosed "Performance (HPDE) School Polices," the next page in this packet.
- Enter the School.** You can [register and pay online via MotorsportsReg \(MSR\)](#). If you need help doing this, see the following Appendix A or simply call our club Administrator, Camille Fanguie at 303-319-3062. **Target Deadline — April 1st.**
- Obtain your needed safety gear** (helmet, good shoes for driving, and gloves). **Target Deadline — April 7th.**
- Confirm that you are registered** and have an instructor assigned to you. **Target Deadline — April 12th.**
- Your street car will be subjected to a pre-race safety inspection. We strongly urge you to perform a **basic safety check prior to showing up at the track.** Tires (min. 1/16" tread on all tires), brake fluid levels, brake and seat belt condition should all be checked. Loose items in the car should be removed. Download this [HPDE Technical Inspection form](#) which your car will be subject to. **Target Deadline — April 20th.**

We hope this check list will help you with this exciting undertaking. Please contact the Chief Driving Instructor with any questions. We look forward to helping you. driving-instructor@rmvr.com

RMVR Performance (HDPE) School Policies

Eligible Participants

- All student participants must have a valid state driver's license.
- Performance (HPDE) School Students must be 16 years or older.
- Students that are under 18 years old must sign, and have both parents or legal guardian sign the RMVR waiver.
- For students under 18 years old, one parent or legal guardian must be at the school with the student.
- All applicants under 18 years old will be reviewed by the Chief Driving Instructor and be allowed to participate at the sole discretion of the CDI.

Technical

Performance (HPDE) School Students will be required to have a formal tech inspection of their vehicles. Any issues of concern will be required to be corrected. Download & print this [HPDE Technical Inspection form](#) which your car will be subject to: Namely:.

- All vehicles must be in good general operating condition with acceptable tire tread depth and brake lining thickness.
- Vehicles must be free of fluid leaks and all body work and other accessories must be securely attached. Battery must be securely tied down.
- 3 point OEM seatbelts minimum required.
- Driver's safety gear:
 - A Snell 2005 or newer helmet with a SA or SM rating is required.
 - Open face helmets are acceptable in closed-top vehicles.
 - Cotton long sleeve shirts and long pants are required.
 - Suitable driving gloves are required. They do not have to be Fire Resistant.
 - All leather upper shoes are required.
- Convertibles MUST have occupant rollover protection installed immediately behind the driver's seat:
 - Windshield only rollover protection is not sufficient.
 - Bolt on or retractable hardtop roofs are not sufficient.
 - T-Top or Targa tops are OK as long as there is a permanent B pillar.
 - OEM rollover protection is acceptable only if installed immediately behind the driver's seat and must provide protection for both the driver and passenger.
 - OEM "pop up" rollover protection is acceptable only if installed immediately behind the driver's seat.
 - Aftermarket "pop up" rollover protection is not acceptable.
 - Permanent aftermarket rollover protection is acceptable subject to RMVR Tech Inspectors. It must provide protection for both driver and the passenger.
 - As a general rule, all aftermarket rollover protection must meet or exceed SCCA Solo standards in order to be accepted by RMVR Tech Inspectors.
- Passengers are allowed, subject to restriction at the discretion of RMVR. Passengers must be at least 18 years of age and have the required safety equipment.
- All loose items must be removed from the passenger compartment and trunk.
- Pickup trucks, large SUVs, and Minivans or other vehicles with higher GVW's are not allowed.

APPENDIX A

Instructions For Entering RMVR Events Online

RMVR uses MotorsportsReg (MSR) for online registration for all our events. We strongly urge you to set up an MSR account (i.e. a Profile) if you don't already have one. HPR (for track days), SCCA, BMW & PCA all use MSR to enter their events. So you may already have an MSR profile. If not, setting up an MSR profile (a one-time deal) allows you to sign up for RMVR as well as many other racing events.

If you know you already have an MSR account:

Simply [login to MSR](#) as you always do using your username/PW.

If you don't have, or aren't sure you have an MSR Account:

Go to: <https://www.motorsportreg.com/index.cfm/event/login.lostaccount>. Use your email address as your Username, then click on green "Find It Now" button.

- If you **already have an account**, you'll be asked to reset your password. Write it down for future use.
- If you **don't have an account**, you'll see the red warning below which means you must then use the "Click here to create a new account" link. Again use your email address as your Username and choose a Password of your choice.

A screenshot of the MotorsportsReg (MSR) website's login page. At the top, a red banner contains the error message: "The e-mail or username provided was not found in our database." Below this, on the left, is a box titled "NEED AN ACCOUNT?" with a link "Click here to create a new account". On the right, the "Can't Sign In?" section contains the text "If you can't remember your username or password, use the form below to recover it:" followed by a form with a label "Email or Username" and a text input field containing "YourEmail@yourISP.com". A green "Find It Now" button is positioned to the right of the input field.

Now that you have an MSR account, and armed with your username and password, you'll then be able to **Sign In** at www.motorsportreg.com.

Lastly, **be sure you've added Rocky Mountain Vintage Racing as one of your list of "Club Memberships"** so you can easily see our upcoming events. To do this, after signing in to your MSR account, use the "My Accounts" tab, then hit the "Edit Profile" button. If "Rocky Mountain Vintage Racing" isn't shown as one of your "Club Memberships" you must then use the "Add Clubs To Account" button to find and add RMVR to your profile. After adding RMVR as one of your "Club Memberships" you'll be able to see and enter all RMVR events. **A HINT:** Don't be confused. "Club Memberships" is a term used by MSR meaning you have simply added RMVR to your account so you can see and register for our events when you visit MSR. **It does not indicate that you have a current paid-up "RMVR Membership."** Sort of confusing, huh!
